

# Machine Sewing Beyond the Basics

5 Tuesdays, 6:30 – 9:30 pm  
September 26 – October 24

Are you comfortable at a sewing machine? Do you have basic sewing skills? Are you ready for a new challenge that will take your sewing skills to the next level?

If you have answered yes to these questions and you would like to learn how to sew clothing & garments, then you are ready for "Beyond the Basics".

In the first class, your sewing instructor, Gina Rae King, will discuss project options and help you choose a project that will challenge your skills & help you become a better sewer. Over the course of five weeks, you will complete at least one garment as Gina guides you expertly through the sewing process step by step.

This is a hands-on sewing class whereby you learn by doing as you gain sewing skills & experience.
